Membership

The annual plot fee at the Orchard Street Community Garden is 45 euros. Each member receives one plot of 12 square metres. Members must volunteer for 6 hours each year on shared tasks. The waiting list for a plot is currently about 8 months.

Garden rules

Gardening is allowed from 07:00 to 20:00 every day. Chemical pesticides are banned, and only organic compost may be used. Bonfires are prohibited. Water comes from the shared rain tanks, and hoses must never be left running unattended.

Shared facilities

The tool shed is unlocked on Saturdays from 10:00 to 14:00 by the key warden. The shed code changes every March. The Parks Department empties the compost bins once a month. The garden beehives are looked after by Ines Okafor.
